

FaMe Concept

- 1990 First version CAFM System (approx. 10 modules). Bidirectional interface CAD/Database
- **1998 Version 4 – first fully web-based version. No extra installation necessary. (besides CAD). Approximately 30 modules**
- **2005 International version. Initialization of partner network. First international customers. Approximately 35 modules.**
- 2010 Foundation IPROM for Property Management. Integration Building Management Systems. Version 5 as international. Modules 100% language independent. Research and Development for „Sustainability“, „Green Building“, „Energy efficiency“, „Life Cycle costing“ and „Smart City“.
- 2020 An international solution considering local requirements!

Think global – Act local

The FaMe Network

FaMe works with a global network of equal Research & Development partners. In addition we apply the knowledge of several partners for specific components.

FaMe Organization Structure
